

PEANUTS FOR BABY FAN DAY FOR SUMMERCAMPS

Society Girls Will Be Sales-Women to Get the Necessary Funds.

MRS. SEFTON IN CHARGE

Fans Will Carry the Same Legend as Last Year, "Buy a Breeze."

"Strong babies make strong men; strong men make the nation." This is the slogan in preparation for the sale of 2,000 fans that will be sold next Tuesday by the society girls in the interest of the summer camps of the Summer Outings Committee.

Mrs. Edwin Sefton, in charge of baby fan day, today sent forth a call for girl volunteers to sell the fans on Washington streets next Tuesday.

All of the 150 young women who took part in this work last year are expected to help out again this season, but Mrs. Sefton hopes to get 300 or more salesgirls for the day.

"As last year the fans will have the caption, 'Buy a Breeze and Save the Kiddies.' Because it was impossible to get 25,000 of one kind, two kinds will be used, one bearing a large head of a baby, and another bearing four pictures of the same baby in different poses.

Volunteers to Meet.

Mrs. Sefton has called a meeting of all volunteer workers for Friday afternoon at 4:30 o'clock. This will be held at the headquarters of Baby Fan Day, which will be announced by the committee.

Because of the heat and hard work for the young women who sell, Mrs. Sefton appealed to the public today to co-operate by buying one of the fans in one day. If they are not all sold next Tuesday, however, the sale will go on until the supply of fans is exhausted.

Last year nearly \$3,000 was realized from the sale. This year it is hoped that much more will be made, because the public knows each year more and more about the three camps for which the sale is conducted.

These are Camp Good Will, where mothers and children under twelve go to spend two weeks in the open and get plenty of fresh air and good food; Camp Pleasant, conducted along the same lines for colored children; Baby Hospital Camp for mothers and very young children who need outdoor hospital treatment.

To Get Ball Game Funds.

Members of the Summer Outings Committee are rejoiced at the news that members of the House of Representatives have promised to give the proceeds of their annual baseball game, between Democrats and Republicans, to the camp fund. Today officials of the American League Park donated the park and all that remains is to set the date of the big game.

It is hoped that girls' clubs will take an interest in the camps, by helping to raise money for it. One school last year donated a political cartoon, and the girls are urged by the committee to do the same.

The committee is receiving co-operation from many sources, and is expected to keep the camps going throughout the summer. The Milton School of Short-hand and Typewriting has donated its services for all the summer camps in connection with the Baby Fan Day. This is a big item. Florists have offered to send flowers to the headquarters.

Girls will sell fans at Chevy Chase Lake and at Keith's Theater. They will be stationed in stores, at office buildings, and at other places where they will be assigned to the same posts this year.

BOTH PARTIES PLAN BIG DRIVE IN MAINE

Hughes, Roosevelt, Taft, and Wilson All Expected to Go There.

Several hundred speeches by members of the Republican and Democratic parties will be made in Maine before the election September 11. This is the plan of the Republican Congressional Committee, which has been organizing ready for the fray now and Maine will soon echo and reecho with campaign oratory.

The Democratic campaign managers are going to make as big a speaking drive as the Republicans.

The Congressional talent plus the local talent and such other orators as the campaign committees can marshal will give Maine such a political stirring up as it has not had in many a day.

If Congress remains in session until the Maine election or until nearly that time it will not be a new record for Congress to go there. This will be especially true of House members, inasmuch as the work of the House is well known.

Hughes, Roosevelt, Taft and Wilson are all expected to go to Maine because of the importance of the fight there.

A new style of making voters is to be tried out this year. This is the moving picture. It will be used on a great scale by the Republicans, who have an extensive test of it as a getter of votes will be in Maine.

Dominion Citizens Name Committees

Committees of the Old Dominion Citizens' Association for the year 1916-1917 have been appointed as follows:

Transportation facilities—Dr. W. B. King, W. A. Ruff, R. S. Phillips, J. M. Doran, and E. F. Ross.

Second Party Is Sent To Camp Good Will In Automobiles Today

Many Mothers and Little Children Are Started Off For Two Weeks in the Sunshine and Green Fields of Camp Site.

"Say, do we go swimmin' today?"

"Do we get dinner as soon as we get out there?"

"When do we get to go to the Zoo?"

Questions like these, asked of them, were fired at chaperons for the second party to go to Camp Good Will this season, by dozens of happy children.

The party that went out this morning started from two points from the street and from the southwest division at 117 Four-and-a-half street.

Automobiles were at both points to take the children and their mothers to the place where they are going to be in the open air and have plenty to eat and time to play and rest for the next two weeks.

"I was in an automobile once before," said one of the children. "I was in a little motor of four children."

"We don't even get one of these when we go to funerals," replied another.

An Early Arrival.

Among the first arrivals for the party conducted by Miss Clara Ross, at 23 H street, was a little Italian boy, his sister and his mother.

"For three years they have tried to go and each time something has happened. Once the children got the measles, another time the mother was too sick. This year they wanted to go out the first two weeks to make sure of getting there, that could not be arranged, but they were promised a place in the second group."

Yakov, about 11 o'clock, the boy came breathlessly in to see Miss Ross. "Say, have they gone?" he said.

"Mamma just read in the paper as how Camp Pleasant people started out today, and she thought maybe you was goin' too."

Miss Ross reassured the boy, but the family was taking no chances, and they were around bright and early this morning.

Medical Examination Made.

Dr. Joseph A. Heller put every one of the children through a medical examination at the H street assembly place, and Dr. William F. French did the same at the southwest station. Special tests of temperature were made to guard against possibility of infantile paralysis.

Every precaution is taken at the camp to insure absolute cleanliness and sanitation, and Dr. Jesse H. Hamsburgh has a corps of physicians some of whom are on duty at the camp daily, and the rest are subject to call.

The camp again will have an international aspect. One family of Greeks came this time presents a particularly pathetic case. The father has gone insane, and the mother does laundry to support her four children.

The oldest is less than eight, and the youngest is one year old.

Sitting next to them, awaiting the start, was an Italian family. The father deserted, and he has not been found, though the police are looking for him. The wife makes about \$4 a week working in a factory, and she is not able to do. One child is four and the other six. They live in one room, and all of them show the need of the outdoors and plenty of fresh air.

Then there is a mother who always lived in comfort until she became a shoemaker, contracted the dread White

CONGRESSMEN MUST HAVE MARYLAND TAG

Lawmakers Required to Buy Extra Licenses for Their Autos, Under Ruling.

BALTIMORE, July 12.—Attorney General Albert C. Ritchie has upheld Motor Vehicle Commissioner E. Austin Baughman's contention that members of Congress, living in Washington, are temporary residents of the District, and therefore must, before operating automobiles over Maryland roads, take out a Maryland license if their machines are licensed by the District authorities.

Maryland, as is well known, does not recognize a District of Columbia automobile license, though it does recognize the license of every State in the Union. A good many Congressmen, in order to avoid taking out licenses in this State, have insisted that they are not residents of the District of Columbia and that the "residence" of their home States should be recognized.

Mr. Baughman contended that inasmuch as the District, which reciprocates with every State in the Union except Maryland, requires members of Congress to take out local licenses on the ground that they are temporary residents of the District, they should be required to take out Maryland licenses if they desire to operate their machines in Maryland.

In supporting Mr. Baughman's contention, Mr. Ritchie says that Maryland law, home State when displayed with no other license tag, but that it will not recognize a home-State tag displayed also with a District of Columbia tag.

FAVORABLE REPORT ON TINKHAM BILL IN TRADE FOR MAY

Measure to Delay Payment of Commerce Department Tabulation Assessed Benefits Is Recommended to House.

Report of the Tinkham assessment bill by the House District Committee yesterday forebodes legislation granting a concession to property owners who are assessed for benefits incident to the opening and extension of streets, avenues, roads, and alleys in the District.

The Tinkham bill stipulates that hereafter in contrast with the present system no assessment of benefits shall be collected from the property owner until the actual opening of the street, which opening is assumed to benefit his property.

After this actual opening the abutting property owners shall pay assessment as follows: "One-third of the amount within sixty days after service of notice by the assessor, without interest; the remainder one year, and the remainder within two years from the date of such notice, and interest at the rate of 4 per cent per annum from and after sixty days after the service of notice shall be charged on all amounts which shall remain unpaid after said sixty days."

Fire Loss \$10,012.

The fire losses in the District for the last month amounted to \$10,012, according to the report of Fire Chief Wagner. Three fires are rated as having done \$1,000 damage or more.

61x90 Defender Bleached Seamless Sheets, extra heavy, full double-width. (Domestic Department.)

COMMISSION RULE SET FOR IRELAND

Lord Castletown and Sir David Harrel to Serve With Irish Justices.

LONDON, July 12.—The Official Gazette announced last night that Lord Castletown and Sir David Harrel, former under secretary for Ireland, with Justices Cherry, Wylie, and Pym, of the supreme court of Ireland, had been appointed to serve on the bench of the government of Ireland during the vacancy in the office of the lord lieutenant.

The appointments were understood to mean that the lord lieutenant is placed in the hands of a commission until a new government is established.

Lord Castletown outlined a system for the provisional government of Ireland when martial law is abolished there and a new government is established. An Irish secretary, with a military adviser, would be appointed.

The lord lieutenant would hold a royal Irish constabulary well known as a soldier.

Nobody would be allowed to carry arms without a permit and there would be no grants of amnesty. A grant would be maintained in Ireland, strong enough to maintain order and safety.

Lord Castletown thought that with 40,000 troops in Ireland under command of General Maxwell there was no fear of the situation getting out of hand.

Sir David Harrel, who held many important offices for Ireland, said today, concerning the Irish settlement scheme that he favored the one which would find it had wholly misjudged the feeling of the Irish people, and that the proposal for staying in the Irish electorate would arouse opposition in the national Irish League, which drive tens of thousands of moderate men into the Sinn Fein movement.

Disfiguring Humor Spread Over Face

Used Resinol. Skin Now Beautiful

Seattle, Wash., Sept. 7, 1915.—"A small red place covered with little white scales appeared beside my nose. Then it began to spread over both sides of my face and the scales cracked open, causing a terrible itching and burning. It was horrible looking and very embarrassing. I tried many salves, but could get no relief. At last I heard of Resinol Ointment and Resinol Soap, and applied them as directed. The burning and itching sensation was relieved at once and in three weeks I was entirely cured. My face shows no sign of breaking out now, in fact, my skin is considered beautiful." (Signed) Miss Elsie D. Collins 130 E. Madison St.

All druggists sell Resinol Ointment and Resinol Soap. For samples free, write to Dept. 2-B, Resinol, Baltimore.

Sanctuary Boys Guests At St. Charles' College

The members of the Sanctuary Boys' Society of Sacred Heart Church, are today enjoying a trip to Actonsville, where they will be the guests of the faculty of St. Charles' College.

St. Charles' College is the preparatory school for the archdiocese of Baltimore.

The authorities of the seminary have turned over to the boys the use of the swimming pool, gymnasium, tennis courts, and baseball diamond.
